

Call for Nominations for 2011 OSPA Elections

Officer elections for 2011-12 are just around the corner - now is the time to consider your role in shaping the future of OSPA and getting more involved. OSPA is always looking for new blood and innovative ideas to keep the organization thriving and ensure it's providing its members with the services and information that are important. Serving on the board or on an advisory committee with OSPA requires a few hours each quarter, but more importantly, allows you to share your ideas for improving healthcare and the role PAs play in its delivery. Please consider running for office yourself, or nominating and encouraging your colleagues to consider pursuing OSPA office.

2011 open Board of Director positions are: President-elect, a House of Delegate representative and a Director at Large. Each position is a two-year term. To be eligible, nominees must be an OSPA Fellow member and an AAPA member.

The nomination form and descriptions of each office are available by contacting the OSPA office at ospa@oregonpa.org or (503) 650-5864.

All nominations are due to the OSPA office by May 15, 2011. Ballots will be mailed following the May 15 deadline and must be returned no later than June 15, 2011.

Participation in committee work is always welcome too, and please feel free to contact the OSPA office or a current board or advisory council member to better understand the role and expectations for involvement.

Getting involved pays! Receive discounts on CME registration fees, as well as funding assistance to attend various events that help support the PA profession. Build your resume while being a voice for Oregon PAs!

Thank you for your consideration to become an active part of your Society!
